Press Mode until DST appears flashing. Press Recieve until mode that you want appears ON OFF AUTO Press Adjust until not blinking city code. The watch has three DST mode settings ON, OFF, and AUTO. This should give you the DST setting. Now you can initiate a manual update of the time by pressing and holding the receive button. Put your watch by a window and make sure the signal strength indication is showing level 4 full picture of satellite dish on my version. Give it a few minutes to down load new time. After doing this the watch corrected itself and now shows correct time. Other wise I assume you could set the DST function to ON or OFF as well depending on whether you need to add or subtract the hour from the time. Login to post This is a must when you change battery on a Casio digital watch. Take it again and ask for a complete reset, if they know what they are doing they will do as you ask without questioning. Casio Watches Your time zone will be flashing at the bottom of the display. Use the receive button to cycle the mode. When its what you want, press adjust once more. To download a PDF file, enter the fourdigit or threedigit module number marked on the back cover of your watch. You will need a pdf reader on your pc, you will find all instructions in there. <http://adamhu.com/javier/eject-cd-mac-mini-manually.xml>

If you dont have a pdf reader you can get one from [Just hold the ADJUST button until the time starts blinking](#). Then hit MODE and DST will show on the top. Hit RECEIVE as needed until you see AUTO in the bottom. Then just hit ADJUST 2 more times and youre set. These instructions are actually for my Casio GShock MTG900 but I imagine theyre very similar for most GShock atomic watches. I need a new back and also a new movement. Will any y100 work Would it be a 371 and would that make it run on time. thanks
